10 Car Seat Safety Tips

Keep your most
important cargo safe!

1. Read both car seat and vehicle manufacture's installation instructions.
2. Have your car seat inspected by a certified car seat technician.
3. Never use a second hand car seat unless its history is well known.
4. Car seats expire! Usually six years from the manufacture's date.
5. Refer to the car seat manufacture's guidelines regarding using a car seat following a crash.
6. Never let children ride in the car unrestrained, even if they refuse or complain.
7. Never let a child position a seat belt under their arm or behind their back.
8. Remember, a child needs to be at least 57" tall (4'9") to ride safely in a seat belt.
9. Children under the age of 13 years old should ride in the back seat.
10. **Prevent Heatstroke.** Never leave your child alone in a car, not even for a minute.
